

Terms and Conditions

Family Plan

Eligibility Pre-requisites:

- Only consumer Postpaid and Prepaid accounts registered under the same party ID from the eligible plans/subscriptions listed below are eligible to apply for the Family Plan. If a customer wishes to add any other line not registered under their same account, ownership transfer to them will be required.
- The Family head/primary account holder should have a postpaid plan from the Freedom Family (Freedom, New Freedom, New Freedom Non-stop, Emirati Freedom, or Freedom Live) with a monthly rental of AED 200 or more.
- Family members on postpaid plans must be subscribed to any Freedom plan from Freedom Family (Freedom, New Freedom, New Freedom Non-stop, Emirati Freedom, or Freedom Live) with a monthly rental of AED 100 or more.
- For prepaid family members, any active prepaid line, excluding Five or Visitor, is required.
- Maximum family members permitted are as follows: UAE Nationals can include up to 10 members, while Expats can include up to 5 members.
- To ensure continuous activation of the Family Plan, it is necessary to maintain a minimum of 2 active members at all times. Prepaid family members can retain their active status by utilizing paid services, generating usage, or purchasing add-ons at least once every month.
- In case of transfer of ownership of the family's primary account, number change or cessation, the family plan will be immediately deactivated for all the family members.
- In case of transfer of ownership of the family's primary account, number change or cessation, the family plan will be immediately deactivated for all the family members.
- In the event of a transfer of ownership of the family's primary account, the family plan will remain active. However, the customer undergoing the transfer will not be able to utilize family allowances, while these benefits can be accessed by other active family members.
- In the event of an ownership transfer of a family member, a change in number, or cessation, the customer will lose their family membership. However, if the cessation of a family member leads to having less than 2 active customers within the family group, the family offer will be deactivated immediately for all members of the family group. In the case of a transfer of ownership, the customer will retain their family membership but will be unable to utilize family allowances.

Family Creation and Enrolment

- Customers who are eligible for the Family Plan can apply for and enroll their family members through My Etisalat UAE App for Free.
- Only the customer with the primary number can be designated as the Family Plan head. The Family head is responsible for creating the family group, including assigning eligible family members. Notifications will be sent through the Mobile App to enroll in the family group and avail the offer. If a customer wishes to set another number as primary, they must first cancel the Family Plan before initiating the primary account change.
- The Family Plan head has the flexibility to add or remove members according to family size and eligibility rules, with changes applied immediately.
- During the family creation process, the primary account of the Family Plan will be required to choose from available options for data distribution: Data Sharing or Data Allocation.
- With Data Sharing, the pool of data will be utilized by all members on a first-come-first-serve basis.
- Alternatively, with Allocated Data, each member will only be able to access the specific amount of data allocated to their individual account.
- Creation of the family group by the primary account of the Family Plan can happen only once per calendar month.

Family Plan Free Benefits
